

Hang on as 16X9 launches into the new age of **high definition television**. **16X9** is a hard hitting weekly investigative news magazine format that promises to deliver the **BIGGER PICTURE**. A dynamic new current affairs show with flare!

16X9 promises to deliver:

- Exclusive ground breaking investigations
- In-depth look at the lives of prominent newsmakers
- Stories about ordinary Canadians caught in extraordinary circumstances.

Unlike the other news magazine shows presently on air, **16X9's** studio will be the **streets of Canada**. A fast paced dynamic video driven concept highlighted by a vibrant digital graphic package and presented weekly by the Global news team of reporters, anchors and the **Emmy Award winning investigative journalist Mary Garofalo**. No studios but rather an exceptional style of reporter centered investigation that makes the hosts the reporters and will always feature stories that are of **Canadian importance**.

Catch all new editions of 16X9 Sunday evenings only on Global Television.
